AN ALBUM FOR BEGINNERS

COLLECT SCOUTS ON STAMPS

A Century of Stamp Collecting 1900 - 2000

AN ALBUM FOR BEGINNERS

Dr. Terrence H. Dunn, Editor

NOTICE TO COLLECTORS

This album is intended for the beginning Scout stamp topical collector in an effort to provide guidance to the stamps printed over the course of the 20th Century from countries around the globe beginning with the Cape of Good Hope in 1900. No guarantee is claimed for total accuracy in regards to stamps listed or shown, stamp years of presentation, or actual stamps printed for a given year. The presentation is intended to be that of actual single stamps without consideration for presenting postal stationary, special seals, local posts, cinderellas, first day covers, covers in general, souvenir sheets, or other philatelic items that might be of interest to collectors. By no means is this presentation to be considered a “catalog” of topical postal stamps pertaining to the Scouting movement around the world.
