Your Own Stamp

Postage stamps are receipts — proof of pre-paying a fee for delivery of letters and packages. Stamps usually honor important people, places, events, and animals, but with today's picture postage stamps, you can create your own stamp design about your favorite topic — anything that's important to you!

Your design should include:

- a. the name of the country issuing the stamp
- b. a monetary number (denomination) what it costs to send a letter or package
- c. topic — person, place, event, issue, or object that's important to you!
